Welcome

Dear colleagues,

although the treatment modalities of maxillofacial deformities offer an ample scope for many different points of view, the object of this workshop is to express the view of this ever interesting and evolving field in our department. Since 2005 we provide a yearly based spring-congress on surgical orthodontics. Now we would kindly like to share our experiences in this field with you - basing on a yearly number of more than 150 patients with more than 200 surgical orthodontic corrections every year. As teamwork does not tolerate the inconvenience of distance, we are proud of being able to kindly invite you for this open minded hands-on surgical workshop.

It is our ambition to create an atmosphere of excellence in which we can share and discuss our experiences and would like to present you beside the surgical procedures of monomaxillary and bimaxillary orthognathic corrections a range of cutting edge case documentations. Furthermore we offer discussion on the scope of pre- and postoperative planning.

My team and me are looking forward to meeting and hosting you in our department!

With kind regards,
Prof. Dr. Dr. H. Eufinger

Head of the Dept. of Oral and Maxillofacial Surgery
Regional Plastic Surgery
Knappschaftskrankenhaus Recklinghausen
Academic Teaching Hospital of the
Ruhr-University Bochum

Agenda

Thursday - September 28, 2017

- 02.00 - 02.30 pm
Arrival & Welcome
- 02.30 - 5.00 pm
Lectures on the principles of orthognathic surgery, presentation of outstanding clinical cases
- 05.00 - 06.30 pm
Presentation of patients, preoperative work-up and survey
- 08.00 pm
Dinner

Friday - September 29, 2017

- 08.00 - 12.00 am
Surgical cases in the OR I
- 12.00 - 12.30 pm
Lunch
- 12.30 - 03.30 pm
Surgical cases in the OR II
- 03.30 - 04.00 pm
Postoperative evaluation and discussion

- 06.00 pm
Dinner

Saturday - September 30, 2017

- 09.00 - Open
Ward round, postoperative check-up and discussion

The program might be subject to change due to the actual clinical situation. However, we plan to operate on at least one bimaxillary and one monomaxillary case and another case of SARPE (surgically assisted rapid palatal expansion) with a transpalatal distractor.
