

Medicon Courses ? von Erfahrung profitieren

Ideengeber dieser Kursreihe sind Chirurgen aus verschiedensten medizinischen Fachrichtungen in ganz Europa. Ihr Wunsch nach **intensiver Weiterbildung auf hohem Niveau** brachte diese Kurse auf den Weg.

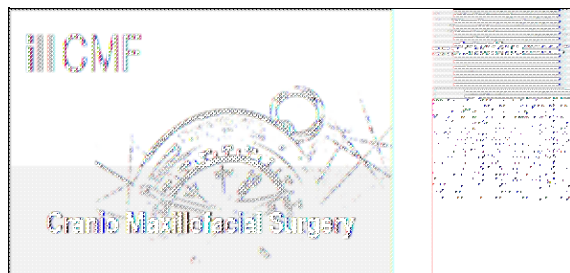

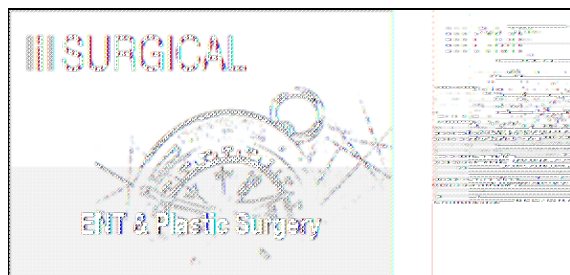

Unser Ziel ist es, eine Plattform anzubieten, auf der **wissenschaftlicher Austausch** in auserwähltem Kreise und **kleinem Rahmen** zwischen Mentor und Teilnehmern stattfinden kann. Hochqualifizierte OP-Techniken und Behandlungsansätze werden in den Disziplinen **Mund-Kiefer-Gesichtschirurgie, Plastische Chirurgie, Wirbelsäulenchirurgie** und **Hals-Nasen-Ohrenchirurgie** angeboten.

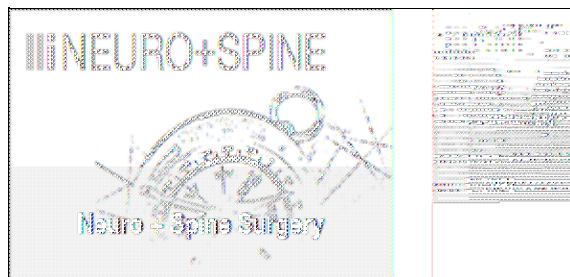

Durch die Kombination von praxiserprobter Theorie und unmittelbar folgender Anwendung an ausgesuchten OP-Fällen bieten die Kurse einen **hohen Informationsgehalt**, der zu **direktem Wissensvorsprung** führt.

Alle Teilnehmer haben die Möglichkeit, am OP-Tisch im Austausch mit dem Mentor des Kurses zu stehen.

Als Teilnehmer sind ?Neueinsteiger? als auch erfahrene Chirurgen recht herzlich willkommen. Während der Kurse findet sich Zeit für das **Netzwerken** oder die **Diskussion von aktuellen eigenen Fällen** mit allen Kursteilnehmern.

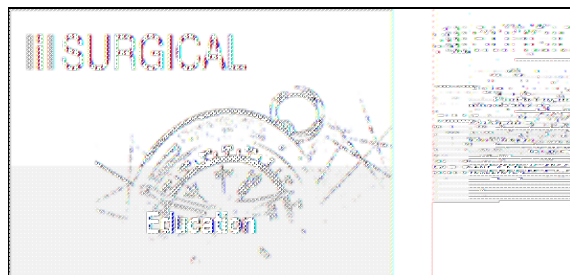

Suchen Sie sich Ihren Kurs aus dem Überblick der Medicon Courses 2018 [hier](#) aus.

III NEURO+SPINE
Neuro + Spine Surgery

A slide featuring a central graphic of a head in profile with a brain and spine, overlaid with a grid of lines. The text 'III NEURO+SPINE' is at the top and 'Neuro + Spine Surgery' is at the bottom. To the right is a vertical sidebar with a list of items.
